

"Charting the Course ...

... to Your Success!"

Report Studio I

Course Summary

Description

The objective of this course is to allow the student to develop and retain a thorough understanding of the foundation of Report Studio. In addition, Cognos 10.1 BI components are reviewed along with Data Warehousing concepts as they relate to Cognos 10.1 BI.

The Facet teaching methodology is used to deliver this course. It is designed to engage the students and promote long term retention. It does so by mimicking real world environment. It is project based, discovery driven, collaborative and adaptive to an individual's learning preference. Students learn through hands-on exploration under the guidance of an experienced instructor who brings the wealth of real world experience to the classroom
